

# Out at Night (feat. KYLE & Big Boi)

## Clean Bandit

Yeah, Clean Bandit  
Big Boi, woo  
KYLE Wakes up early, walks herself to work  
She's all alone from 8 to 5, yeah  
Keeps her eyes down, doesn't say too much  
And all her colleagues think she's shy  
Yeah, yeah, yeah Watching the clock on the wall  
Watching the clock on the wall, yeah  
Watching the city go dark  
Goes home and takes it all off, yeah  
And pours up a couple of shots  
She does it so well  
As soon as she walks out the door  
Turns into someone else  
She only comes out at night  
She only comes out at night  
She only comes out at night (only comes out now)  
Yeah, yeah, yeah  
She only comes out at night  
I'm watching her come to life  
She only comes out at night (only comes out now) Wakes up late, he's tryna graduate  
But he's been out from 8 to 5, yeah  
Glasses on, he wait's til class is done  
Until he shows that other side, yeah Watching the clock on the wall  
Watching the clock on the wall, yeah  
Watching the city go dark  
Goes home and takes it all off, yeah  
Putting that eyeliner on  
He does it so well  
As soon as he walks out the door  
Turns into someone else  
She only comes out at night  
She only comes out at night  
She only comes out at night (only comes out now)  
Yeah, yeah, yeah  
She only comes out at night  
I'm watching her come to life  
She only comes out at night (only comes out now)  
Ooh yeah  
Ooh yeah (only comes out now) Hey baby girl is so nocturnal  
The fire in her eyes burning brighter than inferno  
The devil in her past got me writing in my journal

Let her know  
That this is forever just like my words are eternal, yeah  
(?) Thoughts  
But let's go take it slow, like the way a turtle walks  
But speed it up and (?)  
Yeah boi, mmm hm She only comes out at night  
She only comes out at night  
She only comes out at night  
Yeah, yeah, yeah  
She only comes out at night  
I'm watching her come to life  
She only comes out at night  
Yeah, yeah, yeah  
She only comes out at night  
She only comes out at night  
She only comes out at night (only comes out now)  
Yeah, yeah, yeah  
She only comes out at night  
I'm watching her come to life  
She only comes out at night  
Only comes out now
