## Drake & Future

Draped in all designer, draped in all designer  
Draped in all designer, draped in all designer I got all exotic bitches you gon' think I'm racist  
I just called a gang of bitches out of immigration  
You gon' think we printing money cause the way we make it  
I got all these fucking whips and ain't got no payments Pink slips sitting in the dash fuck with me  
Got a gang of broads riding and they on drugs with me  
Got a gang of cash on me like I brought the plug with me  
Niggas for looking for the plug nigga I the plug really  
Really I'm the plug, really I'm the plug  
I dropped a few whoopy whoops in my cup  
Put it on my tab put her on my tab  
Franchise tag on me Bron Bron  
Steph Curry wrists nigga Oakland  
Percies for the bitches Bishop magic Don Juan  
Standing ovation and an encore  
And I keep the check Nike concord Pink slips sitting in the dash fuck with me  
Got a gang of broads riding with me, on drugs with me  
Got a gang of cash on me like I brought the plug with me  
Niggas for looking for the plug nigga I the plug really Really I'm the plug, really I'm the plug  
Really I'm the plug, really I'm the plug  
Really I'm the plug, really I'm the plug  
Whole time I was ready  
They was like "hold up wait a minute" I was like "nah nigga let's get it"  
This that OVO Halloween gang, you know how I'm rocking already  
If you come here trying to take some there's a lot more where that came from  
And it really ain't no thing, I got Summer P in this thing  
I just drop the jig in my Red Bull and it really gave me wings  
Ya, ya up and away  
Y'all should have seen this shit coming in May  
We doing 300 records a day  
Who really think they can get in the way  
Nah, nah, niggas is bitter they hurting  
Look at the business mergers  
Threw back when I'm swerving  
Big body my Suburban  
Everything I do on purpose  
I'm blowing up like I'm urgent  
And she was acting like a virgin  
I gave it to her then I curved her Pink slips sitting in the dash fuck with me  
Got a gang of broads riding and they on drugs with me  
Got a gang of cash on me like I brought the plug with me  
Niggas for looking for the plug nigga I the plug really Really I'm the plug, really I'm the plug

Really I'm the plug, really I'm the plug  
Really I'm the plug, really I'm the plug  
Really I'm the plug, really I'm the plug
