

# I Just Came Back from a War

Darryl Worley

The first thing I did when that plane finally landed was kiss the ground  
The next thing I did was to go find my friends down at the old hangout  
Drank some beer and talked a lot about old times  
But when the booze finally hit Billy Joe Grimes  
He said I don't know what it is, but you seem different to me I said I just came back from a  
place where they hated me  
and everything I stand for  
A land where our brothers are dying for others who don't even care anymore  
If I'm not exactly the same good old boy that you ran around with before  
I just came back from a war The very next morning I took a walk through the neighborhood  
I thought it's been so long since I've been in a place where everything is good  
People laughing and children were playing  
And as I watched em I found myself praying  
Lord keep em safe here at home in the land of the free  
'cause I just came back from a place where they hated me  
And everything I stand for  
A land where our brothers are dying for others who don't even care anymore  
If I'm not same little freckled face boy  
That grew up in that house next door  
I just came back from a war I hope you cherish this sweet way of life  
And I hope you know that it comes with a price I just came back from a place where they hated  
me  
And everything I stand for  
A land where our brothers are dying for others who don't even care anymore  
Chances are I never will be the same  
I really don't know anymore  
I just came back from a war  
I just came back from a war [background]  
You don't know me (repeated) I just came back from a war
