

The Love I Found In You

Jim Brickman

You are the air I need to breathe
The river of life inside of me
You are the half that made me whole
You are the anchor of my soul And you are strong when I am weak
You are the words when I can't speak
You never fail to see me through
That's the love I found in you You are my shelter from the storm
You are the road that leads me home
And baby, with you here face to face
Oh, I know I've found my place
And you are strong when I am weak
You are the words when I can't speak
You never fail to see me through
That's the love I found in you And once in every life
You find the one that's right
And when you say forever it's true
That's the love I found in you
You are strong when I am weak
You are the words when I can't speak
You never fail to see me through
That's the love I found in you
That's the love, love I found in you
