

# Hopefully

## Jagged Edge

JE y'all  
Yeah  
I like that  
First verse(Verse 1:)  
Can't believe, can't believe, can't believe  
That you chose me when I know you deserve better  
Faithfully loving me, giving me  
Compassion and understanding any type of weather  
No matter what  
See I'mma keep loving you baby  
No matter what  
Nothing can tear us up  
No matter what  
Nobodys gonna take me away  
No matter what  
(Chorus:)  
Hopefully  
By now you know that being with me, me and you, that's for the best now  
Hopefully  
When we get together, girl I'm hearing you make those yes sounds  
Hopefully, hopefully, you'll be with me  
Hopefully, hopefully, hopefully  
You'll stay with me  
Baby hopefully(Verse 2:)  
Never ree with me (?)  
You're just like my dream I couldn't have made you better  
Internally, faithfully, sexually you're mine, you're my type  
Right down to the letter  
No matter what  
Oh yeah  
No matter what  
I'mma be the thing that you need  
No matter what  
No matter what  
(Chorus:)  
Hopefully  
By now you know that being with me, me and you, that's for the best now  
Hopefully  
When we get together, girl I'm hearing you make those yes sounds  
Hopefully, hopefully, you'll be with me  
Hopefully, hopefully, hopefully  
You'll stay with me

Baby hopefully(Verse 3:)  
Hopefully, hopefully, you'll love me, you'll stay with me  
Hopefully, hopefully, you'll love me, you'll stay with me  
Hopefully, hopefully, you'll love me, you'll stay with me  
Hopefully, hopefully, you'll love me, you'll stay with me(Chorus:)  
Hopefully  
By now you know that being with me, me and you, that's for the best now (that's for the best  
now)  
Hopefully  
When we get together, girl I'm hearing you make those yes sounds  
Hopefully, hopefully, you'll be with me (hopefully, yeah)  
Hopefully, hopefully, hopefully (girl hopefully)  
You'll stay with me (you'll stay with me)  
Baby hopefully  
Hopefully...  
Baby forever you and me  
Hopefully, hopefully  
Baby forever you and meNo matter what  
No matter what you're goin through  
No matter what  
I'll be right there for you  
No matter what  
No matter what you need  
No matter what  
Hopefully(Chorus:)  
Hopefully  
By now you know that being with me, me and you, that's for the best now  
Hopefully  
When we get together, girl I'm hearing you make those yes sounds  
Hopefully, hopefully, you'll be with me  
Hopefully, hopefully, hopefully  
You'll stay with me  
Baby hopefully
