

# Deeper

## Riton, MNEK & House Gospel Choir

I've been thinking  
We haven't been to the places  
That we wanna try  
I get the feeling  
That we've reached our limit  
'cause everytime I look into your eyes  
I feel  
Shallow  
Hollow  
Empty inside  
So I need something more  
To satisfy  
'cause I've been through this before  
So lets get below the belt and below the flow  
Below the floor  
Let's get down  
Let's get down  
Let's get deeper  
I'm done fooling around 'cause I need ya  
So let's get low  
Like the base through the speakers  
'cause right now we need to get down  
Let's get deeper  
I call it  
Pride  
A deeper love  
I've been thinking  
We haven't been to the places that we wanna see  
Yeah I want to find  
Where the real you resides  
I can't do this with this uncertainty  
I feel

Shallow  
Hollow  
Nothing at all  
So we need something more  
We hit a wall  
It's difficult to ignore  
So let's go below the belt and below the floor  
Below the floor  
Let's get down  
Let's get down  
Let's get deeper  
I'm done fooling around 'cause I need ya  
So let's get low  
Like the base through the speakers  
cause right now we need to get down  
Let's get deeper  
I call it  
Pride  
A deeper love  
Don't you got it  
Yes I got it  
Don't I got it  
Yes you got it  
Don't we got it  
Yes we got it  
Don't you got it  
Yes I got it  
Don't I got it  
Yes you got it  
Don't we got it  
Yes we got it  
Let's get down  
Let's get down  
Let's get deeper  
I'm done fooling around 'cause I need ya  
So let's get low  
Like the base through the speakers  
cause right now we need to get down  
So let's

Let's get down  
Let's get down  
Let's get deeper  
I'm done fooling around 'cause I need ya  
So let's get low  
Like the base through the speakers  
cause right now we need to get down  
Let's get deeper
