

# Rollerskate

Gurr

Super duper blasting rollerskate  
8pm I'm hanging out with my mates  
We're a gang, we're the greasers,  
There's a riot we bump into the cheetahs  
It scares me when Johnny's right next to my (hey baby)  
They have stolen our strategy  
Obviously  
We push to get faster  
But now here's the disaster  
Do you hear the sound, when I hit the ground?  
Roller-roller-skate-skate-roller-roller-skate-skate  
As bad as with a bad, smash into your face strike...  
As evil as can be I say, as evil as can be I say  
On the roller-skate roller-skate roller-skate roller-skate
