

# Persuasion

## Santana

You got persuasion  
I can't help myself  
You got persuasion  
I can't help myself  
Something about you baby  
Keeps me from goin' to somebody else Yeah, any way you want  
Now, now baby  
You put me in a daze all the time  
Look whatcha got for me baby  
Like the devil in disguise  
Something about you baby  
You're one,  
You're one of a kind  
Oh this spell you put on me  
Has just outdone me babe  
I can't keep the rain from comin' down  
Look out now, I can't get out from under  
But I wouldn't want to even if I can  
Something about you baby  
Make me feel,  
Make me feel like a man
