

# I Was Here

## Lady Antebellum

You won't notice me  
I'll be leaving my mark  
Like initials carved in an old oak tree  
You wait and see Maybe I'll write like Twain wrote  
Maybe I'll paint like VanGough  
Cure the common cold  
I don't know  
But I'm ready to start cause I know in my heart  
I wanna do something that matters  
Say something different  
Something that sets the whole world on it's here  
I wanna do something better  
With the time I've been given  
And I wanna try to touch a few hearts in this life  
Leave nothing less than  
Something that says I was here I will prove you wrong  
If you think I'm all talk you're in for a shock  
Cause this drink's too strong  
And before too long  
Maybe I'll compose symphonies  
Maybe I'll fight for world peace  
Cause I know it's my destiny  
To leave more than a trace of myself in this place  
I wanna do something that matters  
Say something different  
Something that sets the whole world on it's here  
I wanna do something better  
With the time I've been given  
And I wanna try to touch a few hearts in this life  
Leave nothing less than  
Something that says I was here And I know that I, I will do more than just pass through this life  
I leave nothing less than something that says I was here  
I was here (I was here)
