

# BB Talk

## Miley Cyrus

Alright, so this is really fucked up, but  
Alright, I was sleeping next to him,  
but I was dreaming about the other dude  
And then, all of a sudden,  
everything that he fucking did just made me cringe  
And it was so hard to fall in, but so easy to just fall back right out again  
And this whole time,  
I could give to you and I could paint you pictures  
But I guess I could just never write a song and then  
Maybe I never fell out of love with him in the first place  
I mean, I-I don't want to feel this feeling 'cause my energy's just so strong  
That I don't know if I'm creating this or if this is actually what is meant to be  
And you know they, they say that you gotta think what you want into existence  
But you know what?  
I haven't been too good at making decisions, so  
I have no idea what the fuck I want, I guess You're giving me a feeling in my head  
Laying in my bed, just thinking  
Not really feeling like the one I want  
It's everything in me not to call him I really, really, really wanted to  
I told all my friends I'm moving on  
Your baby talk is creeping me out  
Fuck me so you stop baby talking You know what, in the beginning it was like  
We were fucking homies and shit and then  
All of a sudden you started with some fucking baby goo-goo tongue down my fucking throat  
I mean, even in front of your mom  
Dude, as if I'm not fucking awkward enough  
I mean, you put me in these fucking situations where I look like a dumbass bitch  
And I'm not a fucking dumbass bitch  
You know, I-I hate all that fucking PDA  
I probably hate it more than your fucking friends do  
You know, it's, it's sweet and you couldn't be more opposite of my last dickhead but  
You know, it's - I don't know if I can get over the fucking goo You keep saying, again and again  
We're laying in my bed, just talking And now I know I can't hold it back  
I'm feeling like I'm gonna vomit  
I don't really want an older you  
I heard I change my mind with you often  
Baby talk is creeping me out  
Fuck me so you stop baby talking Alright so, I'm gonna be honest  
It's-it's the super cutey shit, that's the main issue here  
I mean, I'm fucking what?  
Look, I like when you send me, you know,  
he-the queen emoji

But when I send back the monkey, you know the ones with the-the hands over the eyes  
That means that shit's just getting a little too weird for me  
And I mean, I don't wanna say it person,  
I just, like, bury my head in your armpit which Weirdly smells good and your hair and your  
fucking teeth  
Like, why the fuck would I wanna lick your teeth?  
But I do  
And remember there was that one time that I had like a 15 minute  
Well, that was kind of the best thing in the entire world  
You know, maybe I could just get past this shit and I could get used to someone, you know,  
giving a fuck  
I'm sorry I called you a creep and that thing about the vomit  
I mean, look, I'm really starting to be in this whole thing  
But no matter what you do, homegirl can't handle the fucking goo  
Fuck me so you stop baby talking  
Fuck me so you stop baby talking  
Fuck me so you stop baby talking  
Fuck me so you stop baby talking  
I don't really want an older you  
I heard I change my mind with you often  
Baby talk is creeping me out  
Fuck me so you stop baby talking.
