

# Don't Make It Easy for Me

[Earl Thomas Conley](#)

You're on my mind, I'm in the dark  
You're takin' your time, I'm fallin' apart  
Girl, you hold my mind in your hands and you know it  
I'll get it right if you'll give me the chance to come closer  
I'll give you my heart if that's what you're after  
I'll give you my love and that's all that matters, think it over  
Yeah that's all right with me, if you wanna play hard to please  
Don't make it easy for me  
Down on my knees, take a look at me  
I'm easy to please, why can't you be?  
Yeah, you hold my mind in your hands and you know it  
I'll get it right if you'll give me the chance to come closer  
I'll give you my heart if that's what you're after  
I'll give you my love and that's all that matters, think it over  
Yeah that's all right with me, if you wanna play hard to please  
Don't make it easy for me  
Girl, that's all right with me, if you wanna play hard to please  
Don't make it easy for me
