# Disarm Yourself (Club Mix) [feat. Emma Hewitt]

## Dash Berlin

Don't you miss yourself
I know you used to change
It always ends
And you keep on running backwards
Keep on chasing your own deamons
so don't waste another hour
At the end
Disarm yourself
Release that fear
Disarm yourself
And hold me near
Disarm yourself
Release the fear
Dirsarm yourself
And hold me near
And now...
Give yourself to me
Give yourself to me
Give yourself to me
Disarm yourself
Release the fear
Disarm yourself
And hold me near
And now...
Don't you miss yourself
I know you used to change
It always ends
Look the world of people turning
While you hide in the shadows
So don't run away in silence
At the end
Disarm yourself
Release the fear
Disarm yourself
And hold me near
Disarm yourself
Release the fear
Disarm yourself
And hold me near
And now...

Give yourself to me
Give yourself to me
Give yourself to me
Disarm yourself
Release that fear
Disarm yourself
And hold me near
And now...
