

# Think About It (Remastered)

Stevie Nicks

Step into the velvet of the morning  
Let yourself lay back within your dreams  
Take on the situation but not the torment  
Now you know its not as bad as it seems Well I know you'd like to come away  
But baby you can't come  
Your fortune is your life's love  
Oh and anytime you think about leaving  
Think about what you know  
Well think about it...  
Think about it before you go  
Even when you feel like your life  
is fading  
I know that you'll go on forever  
You're that good  
Heartbreak of the moment is not endless  
Now your fortune is your life's love  
Well honey...  
I know you'd like to come away  
But baby you can't come  
Your fortune is your life's love  
Whoa and...  
anytime you think about leaving  
Think about what you know  
Well think about it...  
Think about it before you go  
And the heart says danger  
And the heart says whatever  
It is... that you want from me  
I am just one... small... part...  
Of forever... (ever...)  
Falling... (falling...)star...(star...)  
Star...  
CatcherEven when you feel like your life  
is fading  
I know that you'll go on forever  
You're that good  
Heartbreak of the moment is not endless  
Your fortune is your life's love  
Well honey...  
I know you'd like to come away  
But baby you can't come  
Your fortune is your life's love

Anytime you think about leaving  
Think about what you know  
Well think about it...  
Think about it before you go...  
Well think about it  
Think about it before you go...  
And the heart says danger  
The heart says whatever  
Think about it...  
Think about it before you go
