

The Sun (feat. Bryson Tiller & Raphael Saadiq)

KYLE

Love you I still dream (Dream, dream, dream)
About you and me
So much rain (Dream, dream, dream)
Tomorrow, sad to see
Our days have so many clouds
It's really such a shame (Love you)
But lost and I don't know how
It never got this way, this way Let's get back to where the sun is (Sun, sun)
Let's get back to where the sun is (Sun, sun)
Summer day (Day, day, day)
The sky is turnin' grey
I can't wait to see that look on your face (Your face)
When I get home to stay
Yeah, ayy-yeah, yeah
We in the soil, you just don't know, uh
The sun gone so this love won't grow
You hide tears, no you don't show
Let 'em out, just don't overflow
I'm lost and I don't know (Don't know)
How we got this way (How we got this way, yeah, yeah)
Way, yeah Let's get back to where the sun is (Sun, sun)
Yeah baby, yeah
Let's get back to where the sun is (Sun, sun)
Let's get back to where the sun is (Sun, sun)
Let's get back to where the sun is (Sun, sun)
Ooh, yeah
Oh yeah (Love you)
Ooh-oooh, ooh-oooh
(Love you) Ooh-oooh, ooh-oooh, ooh
(I love you)
