Don't want to be with you, you singing some one else's song - and all the stuff you did before,
before I came along - I'm not the one, we can't be one like this
I want to love you but I need us to be thinking the same - and all the stuff you holding on to
baby I'm not to blame - I want to love, I want to love you like thisBridge
I want the best for us, I want us to win
I can't keep this up, being like thisI can't love you like this, can't hold you like this
When we argue like this, why we do this?
I can't love you like this, why we going through this?
All this uncomfortableness...

Why we going through these changes? This is so messed up - Do you remember what I told
you when we first hooked up? I want to love you, I want to love you like this
You had me thinking I was wrong for you, you know I'm right - You know how good my
loving is because you said last night, I want to love you, I want to love you like thisBridge
I want the best for us, I want us to win
I can't keep this up, being like thisI can't love you like this, can't hold you like this
When we argue like this, why we do this?
I can't love you like this, why we going through this?
All this uncomfortableness...3

Why we keep going the wrong direction? I just want to give you love and affection - soft words
kisses day and night, if you let me Imma love you till the morning light -All I want to do is love
you like this, we don't need to be going through this - OHHH I want to love ya, love ya
