

Still

Brian McKnight

Yeah

Mmm

Yeah

Mmm Funny when you stop and think
Time goes faster than you blink
Nothing's ever like it was Girl we've got a special thing
You're the happiness it brings
Is more than enough I know it's hard to believe
You're still the biggest part of me
All I'm living for I still think about you
I still dream about you
I still want you and need you by my side
I'm still mad about you
All I ever wanted was you
You're still the one, you're still the one It's hard to breathe when we're apart
You're that sunshine in my heart
I keep you here inside You've been everything to me
You've been and always will be
The apple of my eye And I know it's hard to believe
You're still the biggest part of me
All I'm living for I still think about you
I still dream about you
I still want you and need you by my side I'm still mad about you
All I ever wanted was you
You're still the one, you're still the one
If you love me, look into my eyes and say you do
I've been waiting all my life for someone just like you
Baby after all we've been through
Girl, I'm still in love with you
And I want you to know, I do, I do
I still think about you
I still dream about you
I still want you and need you by my side
I'm still mad about you
All I ever wanted was you
You're still the one
you're still the one
