Parking Lot Party

Lee Brice

Johnnys fired up his coleman grill
We'v got 24 tall boys on to chill
Yeah 14 of em's mine
Little Marshall Tucker on the radio
You know we'll just catch a little groove before the showWe aint playin nothin slow
At the parking lot party
Tailgate buds just sippin on sudsAint never too early
to light one up fill up your cup
Cause there aint no party like the pre party
and after the party is the after partyIn the parking lot party
Well I hope the band is doin sound check
Man they sound pretty good
Hell I aint even bought no tickets yet
Yeah but thats alright we don't care
Cause all the pretty girls are sititn right here
Kickin back in a lawn chair
At the parking lot party
Tailgate buds just sippin on suds
Aint never too earlyto light one up fill up your cup
Cause there aint no party like the pre party
and after the party is the after party
In the parking lot partyWow... Old tommys pullin his guitar out
Wow... Bout time to pass that shine around
Hey... Shows about to stop but we aint bout to leave
Hey... Its one hell of a time and its all for free
At the parking lot party
Tailgate buds just sippin on suds
Aint never too early
to light one up fill up your cup
Cause there aint no party like the pre party
and after the party is the after party
In the parking lot party
Parking lot party, Parking lot party, Parking lot party
