Let's Chill

Charlie Wilson

From the first time I saw your face
Girl, I knew I had to have you
I wanted to wrap you with my warm embrace
Visions of your lovely faceAll my love is for you
Whatever you want I will do
You're the only one I want in my life
For you I'll make that sacrifice

[Chorus:] Let's chill

And let's settle down That's what I wanna do

Just me and you [x2]

I'm so happy to have you here

Standing right by my side

Is it a dream or reality

If it's a fantasy, please don't wake meAll my love is for you

Whatever you want I will do

You're the only one I want in my life

For you I'll make that sacrifice

[Chorus]

I want you to be by my side, baby
You know I want you to be mine, shorty
And it's no secret, you know how I feel
All I wanna do is just chill
Be mine for the rest of the night, baby
Baby, come on, now let's ride, shorty
And it's no secret, you know how I feel
All I wanna do is just chill
[Chorus out]
