

I WISH

The Kid LAROI

Rio, Rio, Rio Yeah, I wish there was a way I could take away the pain
Yeah, I wish there was a way I could give you everything
Damn, I wish there was a way I could tell you everything
But I can't, I wish I could, this shit affects me every day
Yeah, I wish there was a way I could take away the pain
Yeah, I wish there was a way I could give you everything
Damn, I wish there was a way I could tell you everything
But I can't, I wish I could, this shit affects me every day
Every night I saw it, skeletons in my closet
Still got all these problems, I thought money would solve 'em
Blood all on the walls and tears drop down, they fallin'
I don't even wanna think about all that, but it's like I can't help it
You say you can't help me, I gotta help myself but
I need help with that 'cause I feel so helpless
I feel like I've been to Hell and back by myself and
There ain't nothin' in the way no more, only myself is I'm in the way, I'm in the way of myself
I'm in the way, I'm in the way, I need help
Need it today, I wish I could kill this pain
I wish I could kill this pain, I wish I could kill these days
Yeah, I wish there was a way I could take away the pain
Yeah, I wish there was a way I could give you everything
Damn, I wish there was a way I could tell you everything
But I can't, I wish I could, this shit affects me every day
Yeah, I wish there was a way I could take away the pain
Yeah, I wish there was a way I could give you everything
Damn, I wish there was a way I could tell you everything
But I can't, I wish I could, this shit affects me every day
