I Cum Blood

Cannibal Corpse

Swollen with liquid
Ready to burst
A load of my lymph
Will quench this dead bosy's thirst
One month in the grave
Twisted and half decayed
She turned a putrid yellow
I pissed in her maggot filled asshole
Fucking the rotting
My semen is bleeding
The smell of decay
Seeps from her genital cavity
The smell was unbearable
As i buried her
I cum blood
From my erection
I feel it run
Down her throat
Swallow
Eyes glassy and vacant
Body dug up to play with
Skin greasy and naked
Tonguing her rotten anus
I need a live woman
To fill with my fluid
A delicate girl
To mutilate, fuck and kill
Her body exceptional
She thought I was normal
But I wanted more
I came blood inside of her
Choking on the clot
Gagging on the snot
Gushing blood from her mouth
Bloody gel leaking out!
Body buried in a shallow grave
Unmarked for none to find
The sickness i have left behind
Undetected go my crimes
The greatest thrill of my life
To slit my own cock with a knife
Violent

Climax
Serging serum
On
My
Skin
Back from the dead
I am resurrected to spew
PUTREFACTION!!
