

# Trash Day (Parody of "Hot In Herre" By Nelly)

## "Weird Al" Yankovic

It's rotten  
So rotten here  
So rotten  
Oh It was like, the last day before trash day  
My place was gettin' kinda nas-tay  
Even though the garbage I knew would reek  
(You know) Thought that I could leave it for one more week Then, um, I'm takin'  
Birthday cake 'n'  
(Oh) Chili and greasy old bacon  
Throw it all on top of the mess I been makin'  
Wife's so mad, she starts to shakin'  
Leaky bag, 'n' now that girl is gaggin'  
She's naggin'  
"I need you to get that stuff off the kitchen floor"  
"Is that too much to ask for?" But I see no reason why  
Can't let a few more weeks go by  
And now garbage is piled high  
And buddy, you should see the flies  
I said ...There's somethin' rotten here (say what?)  
You better hold your nose, oh (uh, uh, uh, uh)  
(Hey, you disgusting slob, you gotta take the trash out)  
Oh, boy there's a lot in here (a lot)  
And every day it grows (uh, uh, uh, uh)  
(Hey, you disgusting slob, you gotta take the trash out)  
Make ya wanna throw up  
Look at all this garbage I keep generatin'  
(Come on) I sit around all day and watch it biodegradin'  
Bet there's a hundred health codes that I'm violatin'  
Even my dog passed out and needed resuscitatin' You won't believe it, take a whiff of that aroma  
Sure to put you in a coma  
It's so messy, can't find my toenail clippers  
It so bad the roaches wearin' slippers Warm, sweaty clothes piled up in this joint  
Stand up by themselves at this point  
It's so filthy, now baby, I can't lie  
I wipe my feet before I go outside I wonder what crawled in there and died  
(You know) Walkin' 'round barefoot, I'd be terrified  
But it gives me stuff to talk about with my friends  
Like, "Hey, I think them rats gettin' big!"  
Oh There's somethin' rotten here (say what?)  
You better hold your nose, oh (uh, uh, uh, uh)

(Hey, you disgusting slob, you gotta take the trash out)  
Oh, look what we got in here (now what?)  
Let's watch it decompose (uh, uh, uh, uh)  
(Hey, you disgusting slob, you gotta take the trash out) Make ya wanna throw up  
With a little bit a \*\*\*, and a little bit a \*\*\*  
Make me wanna throw up  
It makes ya wanna \*\*\*, just makes ya wanna \*\*\*  
Oh Some Lysol, some Comet  
I got a mop and it's got your name on it  
(What?) I'm just kiddin', doggone it  
(Oh) Unless you gonna do it Careful not to breathe the fumes  
Check it, garbage piles are goin' all the way to the bathroom  
Turn into toxic waste sometime this afternoon  
Better get a Hazmat suit and a push broom  
Oh There's somethin' rotten here (say what?)  
You better hold your nose, oh (uh, uh, uh, uh)  
(Hey, you disgusting slob, you gotta take the trash out)  
Oh, it's gone to pot in here (to pot)  
Bring out the firehose (uh, uh, uh, uh)  
(Hey, you disgusting slob, you gotta take the trash out) Make ya wanna throw up  
With a little bit a \*\*\*, and a little bit a \*\*\*  
Make me wanna throw up  
Give a little bit a \*\*\*, and a tiny bit a \*\*\* Make ya wanna throw up  
Mix a little bit a \*\*\* with a molecule a \*\*\*  
Make me wanna throw up  
It makes me wanna \*\*\* (aw, eww), just makes me wanna \*\*\* [spit]  
Oh
