

Can't Get Tired of Me

Bow Wow & Omarion

[Verse 1]

I know you tired of these lames
Running same ole' game
About what they gon do for you
But girl I aint the same
You need a real Nigga like
Bowezzie in yo life
Type of Nigga that a splurg
Or give you anything you like
Get yo hair done, nails fixed
Boo, you got that
Bills late don't stress get 'em paid like that
Girlfriends hate cause they aint got nothing else to do
While we din'in at the hottest spots reservations for 2
She enjoy a Nigga company
She can't stop lovin me
Whispering in my ear freaky things she wanna do to me
I keep shawty secure make sure she ridin' right
Lil' mama got hella swag and her body super tight
She be telling me places like where she wanna go in life
Things she wanna persue, baby got her mind right
And that's exactly why she rollin' with B
And I'ma hold you down can you do the same for me
But in the mean time

[Chorus]

If she want it, she got it
My keys and my wallet
So she can't get tired of me
She's the only one thing
I'ma give everything
Because she can't get tired of me
Because you can't get tired of me
No you can't get tired of me, me
She can't get tired of me me
She wanted a G so I bought her three

 You can't get tired of me cause I'm O

 There's no possibility
 She aint got the energy, of even entertainin' the thought of leavin' me
 She can't
 Bow wow- You know you can't get tired of me, it's impossible, impossible, impossible,
 impossible, impossible... because, I'm the flyest
 And Um... you can't deny it... impossible, impossible. [Chorus]
 If she want it, she got it
 My keys and my wallet
 So she can't get tired of me
 She's the only one thing
 I'ma give everything
 Because she can't get tired of me
 Because you can't get tired of me
 No you can't get tired of me me
 She can't get tired of me me
 She wanted a G so I bought her three... [Omarion Talking]
 So you ready, um can you get use to this?
 I mean, I know you fresh outta college but baby
