

# Running

James Bay

When my heart is ready to burst  
When the world spins in reverse  
I'll keep running  
To the place where I belong When you go, turn down the light  
No one's here to hold you in the night  
I'll keep running  
To the place where I belong When you think you're on your own  
I'm still coming home  
When our picture fades in the sun  
And all the colors blur into one  
I'll keep running  
To the place where I belong When you think you're on your own  
I'm still coming home When your all gets blinded  
When you fold with the cards  
No, I'll never stop fighting  
To get to where you are Wherever we go  
Wherever we go  
Wherever we go  
Wherever we go  
Wherever we go  
Wherever we go  
When the lights are faded to black  
And only stars are guiding me back  
I'll keep running  
To the place I where I belong  
When you think you're on your own  
I'm still coming home  
When you think you're on your own  
I'm still coming home
