

# I Found You / Nilda's Story

benny blanco, Calvin Harris & Miguel

Not sure what I'm feeling  
If I don't know how to move  
I cannot say what I believe in  
Finally believe in you  
I traveled many roads  
And I know what road to choose  
Now my world is never changing  
There's anything I can do 'Cause I found you  
I found you  
'Cause I found you  
I found you  
'Cause I found you  
'Cause I found you  
I cannot say what I'm feeling  
If I don't know how to move  
I cannot say what I believe in  
Finally believe in you  
I traveled many roads  
And I know what road to choose  
Now my world is never changing  
If there's anything I can do 'Cause I found you  
'Cause I found you  
'Cause I found you  
'Cause I found you  
I found you  
And I found you  
And I found you  
You, You  
Hmmmmmm  
Hmmmmmm  
Hmmmmmm  
Hmmmmmm  
Hmmmmmm 'Cause I found you  
'Cause I found you  
'Cause I found you  
Yeah, I found you  
And I found you  
And I found you  
'Cause I found you, yeah
