

# GOT IT GOOD (feat. Craig David)

## KAYTRANADA

Don't worry 'bout the tag  
Go and throw it in the bag  
Cause I got it good  
You're the best I ever had  
Baby you know that you're bad  
And I got it good  
I'm certain that you're worth it You deserve it girl  
Don't worry 'bout the tag  
Go and throw it in the bag  
Cause I got it good  
Tell me do you remember when we started?  
Remember me and you creepin 'round late at night  
And yeah you held me down when I had nothing  
And that's the reason I must spoil you now that I can  
My hand meets your hand  
Our love isn't plastic But here's my credit Why not go max it?  
The fact is there's no stress  
Baby I got this  
Treat you like the queen in Buckingham Palace, yeah Don't worry 'bout the tag Go and throw it  
in the bag  
Cause I got it good  
You're the best I ever had  
Baby you know that you're bad  
And I got it good  
I'm certain that you're worth it  
You deserve it girl  
Don't worry 'bout the tag  
Go and throw it in the bag  
Cause I got it good  
Got no hands on my watch  
I don't clock the time cause  
When it comes to me and you girl our time is priceless  
There's no need for hesitation when you're swiping  
I wanna show appreciation so I buy it  
Buy it, go try it, girl if you like it  
We used to say you're cool with Nikes  
The type that's quite rare  
One of a kind  
And do anything I can to please my highness yeah  
Don't worry 'bout the tag  
Go and throw it in the bag  
Cause I got it good

You're the best I ever had  
Baby you know that you're bad  
And I got it good  
I'm certain that you're worth it  
You deserve it girl  
Don't worry 'bout the tag  
Go and throw it in the bag  
Cause I got it good  
He got it  
He, he got it good  
He got it  
He, he got it good  
You know that I got you baby, you know I got you baby girl, yeah  
I got you girl, ooh yeah, I got it  
No, no  
No, no, no, no, no, no...
