

High Sierra (2015 Remastered Version)

Dolly Parton, Linda Ronstadt & Emmylou Harris

Chorus:

I've been higher than the high sierra

Lower than Death Valley must be

I've been right, mostly wrong

Wrong about you, right about me The way I feel, can't explain

So much passion turned to pain

The sun still shines most of the time

Did you know the sun shines when it rains Repeat Chorus I've been cussed and I've been praised

And I've been nothing these days

But I'll come back, time will see

If I'm wrong about you, right about me

Repeat Chorus
