

Hey Fool (feat. Nipsey Hussle, Zack)

Chinx

Yea
What
Boss up
Huh yay
What happening shit no other
What up Chinx
Yeah Hu\$\$leHey fool
Bricks all in my cabinet
Getting money, we trappin'
Bandana on a MAC 10
Hey fool
What up though?
Smokin', watchin' my roof fold
Waistline with my tool on it
Fake niggas, they fool's gold
Hey fool
Get shot nigga and you move around
Still serve in the school zone
Neighborhood with my jewels on
Hey fool
Shit, coolin'
Hittin' licks, movin'
Posted up with my fools
Getting high, we just foolin'
Hey fool
I'm so used to this jealousy
Stay on deck is my recipe
Can't afford no more felonies
But the hood is like Tel Aviv
Start a war and then tell on me
Type of nigga I'll never be
Suck my dick is what I tell police
And if they catch me slippin', go kill for me
Stay on track and make mills for me
Put my daughter in your will for me
Move smarter and bill for me
Don't budge an inch on them bills for me
Fuck duckin' niggas, go hunt your beef
Play offense, I don't fuck with D
If you hop out, I hop out
That's one for you, one for me
Hey fool! What up?

You heard how they came through
 Yellow tape the whole block in broad day
 They emptied out the whole tool
 Hey fool! What?
 Tell me what do you wanna go do
 Pull up holdin' them bangers here
 Then when he bang back it's on you like
 Hey fool
 Bricks all in my cabinet
 Getting money, we trappin'
 Bandana on a MAC 10
 Hey fool
 What up though?
 Smokin', watchin' my roof fold
 Waistline with my tool on it
 Fake niggas, they fool's gold
 Hey fool
 Get shot nigga and you move around
 Still serve in the school zone
 Neighborhood with my jewels on
 Hey fool
 Shit, coolin'
 Hittin' licks, movin'
 Posted up with my fools
 Getting high, we just foolin'
 Hey fool In the hood bums sip malt liquor out of paper bags
 Why I'm skatin' in the paper tags
 Every nigga you roll with, they made a glass
 Around here niggas take your head off
 Like a restaurant, they gon' pay the tab
 And usually my breakin' point
 Is when the fuck niggas start breakin' bad
 Nigga counting bank, tryna find a pussy I can surf on
 I don't understand, why the feds take shit so personal
 If the spot ain't yours, who you work for?
 13 and he ready to get to work through
 Drive by, hit the deck, shots, lick, then the whip swerve off
 Murders only top, neighborhood is watchin'
 I pray for my sins daily cause I know the Lord is watchin'
 Ain't no threat, nigga, you playful
 Been movin' work since grade school
 Hey yo what the fuck this nigga just said? Huh? Hey fool
 Bricks all in my cabinet
 Getting money, we trappin'
 Bandana on a MAC 10
 Hey fool
 What up though?
 Smokin', watchin' my roof fold
 Waistline with my tool on it

Fake niggas, they fool's gold
Hey fool
Get shot nigga and you move around
Still serve in the school zone
Neighborhood with my jewels on
Hey fool
Shit, coolin'
Hittin' licks, movin'
Posted up with my fools
Getting high, we just foolin'
Hey fool
