

JEWELZ

Anderson .Paak

Alright calm down, calm down
And with over forty-two of the majority votes
It goes to Cheeky Andy You know you kinda cute with the bald head (Ooh)
Got a lil' booty in the Balmain (Ooh)
You know how to move with them long legs (Dance)
Bring your lil' crew, we can all rage, oh (Come on)
The Tesla ride smoother than the PCH (Skrr)
I think that I like it with the makeup on
I know that she used to all the cheapskates
But I just wanna ball, show off and show off I ain't even put my jewels on
I ain't even play my latest greatest song
I ain't even put my jewels on
Mm, had to make or break 'cause that 'lectric made to go
(Cleaner, cleaner)
Oh yeah, yeah
How's it workin' with Timbaland and what's he like? You know you kinda cute with them long
braids
Got a lil' cool when you send the shades on
I know that you ready if he don't go
You know I'ma wait if you don't take long
The Tesla ride smoother than the PCH
Wait, I don't wanna say it but I have to say it
We ain't have to too much to show off
But a nigga had to prove a point, hold up I ain't even put my jewels on (Goddamn it)
I ain't even play my latest greatest song
I ain't even put my jewels on
Mm, had to make or break 'cause that 'lectric made to go
(Cleaner, cleaner)
Now don't it look so beauti-ful? (Yeah)
Beauti-ful
Don't it look so beauti-ful? (Uh)
Had to clean up
Don't it look so beauti—, oh yeah, 'ful, yeah
Beauti—, oh yeah, 'ful, yeah (Beautiful)
Beauti—, oh yeah, 'ful, yeah
Clean up, I had to clean up (Beautiful)
Ooh-ooh, oh, oh-oh
I ain't even get to play my latest greatest song
I ain't even get to put my jewels on, put my jewels on Woi, mate
Alright, alright, put 'em up
What are you talking about?

Oh piss off mate, put 'em up, buy one hand

Oh yeah, who cares?

Yes, I gotta sale, buy one get one free I ain't even put my jewels on (Beautiful)
I ain't even play my latest greatest song
I ain't even put my jewels on
Mm, had to make or break 'cause that 'lectric made to go
(Cleaner, cleaner) Now don't it look so beauti-ful? (Beautiful)
Beauti-ful
Don't it look so beauti-ful? (Beautiful)
Had to clean up
Don't it look so beauti—, oh yeah, 'ful, yeah (Beautiful)

Clean up, I had to clean up You can see the chap comin' down
Still in impeccable shape as he makes his way off the jet
Jump

If we could just have one word,

Back off, give us some space, come on get in the car buddy, come on
