

Rainy Days (feat. Eminem)

Boogie

[Intro: Boogie]

Nigga, I wear fur coats in the summer, nigga

Wife beaters in the winter, damn

Uh, shit [Chorus: Boogie]

I've been thuggin' through my rainy days for days (Uh)

I ain't really tryna hang today, today (Yeah, yeah, yeah)

I need changes in a major way (Yeah, yeah, yeah), a way (Uh)

I just pray I never fade away, away

[Verse 1: Boogie]

Yo, yo, aw, man

Yo, word to the titles

So word to my idols and word to the GOATs (Uh)

I ain't sayin' I like 'em

I'd kill all them niggas and wear 'em as coats (Uh)

Word to the feelings I channel

I lose 'em as quick as a fuckin' remote (Uh)

Don't be callin' me woke (No)

I cheat on my queen for a ho

That's how shit go, she keep sayin' we jell (Ayy)

She gon' come out her shell (Woah)

Ain't no pushin' my buttons

When all of my feelings is stuck on "oh, well" (Yeah)

Bitch, I'm thirsty and blessed (Ayy)

I pour liquor in grails (Woah)

This for my niggas in jail, wrestlin' L's (Uh)

That's that hell in the cell

I come from a place where the shit can get shady

My chances were slim (Ayy)

All my women was basic

We see different races since signing to Em (Yeah)

I can't send out no message to none of my exes

And bitches as friends (Ayy)

I can't blow it again

Need a bitch that's as thick as my skin, shit 'cause

[Chorus: Boogie]

I've been thuggin' through my rainy days for days (Uh)

I ain't really tryna hang today, today (Yeah, yeah, yeah)

I need changes in a major way (Yeah, yeah, yeah), a way (Uh)

I just pray I never fade away, away [Verse 2: Eminem]

I left my legacy hurt? Fuckin' absurd

Like a shepherd havin' sex with his sheep, fuck what you heard

All this talk in my ear, I got a idea

Like the clerk when you tryna buy beer (ID ya)
 Since on the mic, I'm a nightmare
 Fuck it, I thought this might be a good time to put woke me to rockabye
 I got the bottle of NyQuil right here (Right here)
 You want the sleep me to wake, you want Slim Shady EP
 That's on the CD cover, sockin' my mirror (Sockin' my mirror)
 I promise not to cry crocodile tears (Crocodile tears)
 If you end up shocked at my lyrics (Shocked at my lyrics)
 Marshall is dead in the water, but not that I care
 Dre said, "Rock the boat" and the Doc is my peer
 So, it's unanimous, you're at attention, the planet's listenin'
 And their banana splits again, which has its advantages
 But when you got nothing to say except for the hand your dick is in
 And if your plan's to stick it in Janice Dickinson
 Imagine if the Temazepam is kickin' in, it's havin' you panic-stricken
 You're trippin' off of tryptophan and tripped a fan in Switzerland
 Just for askin' to autograph a picture, then ripped it in half
 And whipped it at him and kicked his ass all the way back to Michigan
 But no matter how many rounds or if I get knocked down
 In a bout and fell to the ground
 I got a fighter's mentality, I'll get back up and fight with it
 In fact, I'ma attackin' the mic with it
 I'll make it sound (Sound), sound like a vampire's bitin' it (Bitin' it)
 But I'd have to be Dracula's sidekick (Sidekick)
 To be down for the count (Haha), yeah
 Yo, album's (What?), out (Yeah), now (Uh)
 Pow (Pow), wow (Woo), I don't (Huh), see no (Uh) clouds (Nah)
 But ain't gon' (No) be no (Huh) drought (Uh-uh)
 Smile (No), frown (Yeah), upside (Ah) down (Ya)
 Shut my (Nope) mouth (Yeah), how? (How)
 That ain't what (What) I'm 'bout
 Shout (Shout), showers (Fuck it, ow, ow)
 Thuggin', thug it out (Ow), 'cause[Outro: Boogie]
 I've been thuggin' through my rainy days for days (Uh)
 I ain't really tryna hang today, today (Yeah, yeah, yeah)
 I need changes in a major way (Yeah, yeah, yeah), a way (Uh)
 I just hope I never, damn (I just hope I never)
 I just pray I never, fuck (I just pray I never)
 I've been thuggin' through my rainy days for days (Rainy days, uh)
 I ain't really tryna hang today, today (Hang today, uh)
 I need changes in a major way, a way (Major way, uh)
 I just pray I never fade away, away
