## Say It (feat. Tove Lo) [Clean Bandit Remix]

## Flume

Feeling the song, party done Shadows walking home Walking with our game on You are my kind, classic mind And you look so fine Mmm, mmm, mmm, mmm Loving the cold, smoke a roll See your fingers shake I'm getting through your heart break Some kinda freak, sing for me Don't know what I need Mmm, mmm, mmm, mmm Don't doubt me babe You make me wanna change Break my bed to make me wanna stay I can't... Bite me babe You make me love the pain Break my bed to make me wanna stayI can't ... When you say it like that Oh, oh, oh, oh Got me falling right back Oh, oh, oh, oh Mmm, mmm, mmm, mmm When you say it like that Oh, oh, oh, oh Let me fuck you right back Oh, oh, oh, oh Mmm, mmm, mmmI'm getting the door, silent walk Who's the first to speak? Speak it like a real freak Voice in my head, in my bed Filled with you instead Mmm, mmm, mmm, mmm Taking your time, work my mind And I play with you I play pretend it's so trueFollow me down Listen 'round to the deep dark sound Mmm, mmm, mmmDon't doubt me babe You make me wanna change Break my bed to make me wanna stay I can't...Bite me babe You make me love the pain

Break my bed to make me wanna stay I can't...When you say it like that Oh, oh, oh, oh Got me falling right back Oh, oh, oh, oh Mmm, mmm, mmmWhen you say it like that Oh, oh, oh, oh Let me fuck you right back Oh, oh, oh, oh Mmm, mmm, mmmOh, oh, oh, oh Oh, oh, oh, oh Oh, oh, oh, oh Oh, oh, oh, oh When you say it like that Oh, oh, oh, ohDon't doubt me babeYou make me wanna change Break my bed to make me wanna stay I can't... Bite me babe You make me love the pain Break my bed to make me wanna stay I can't...When you say it like that Oh, oh, oh, oh Got me falling right back Oh, oh, oh, oh Mmm, mmm, mmm, mmm When you say it like that Oh, oh, oh, oh Let me fuck you right back Oh, oh, oh, oh Mmm, mmm, mmm, mmm
