

Losin Control

Russ

She's fallin' in love now
Losin' control now
Fightin' the truth
Tryin' to hide
But I think it's alright girl
Yeah, I think it's alright girl
She's fallin' in love now
Losin' control now
Fightin' the truth
Tryin' to hide
But I think it's alright girl
Yeah, I think it's alright girl
She's falling but she doesn't think he'll catch her
Cause her last relationship was a disaster
Accusations everyday she didn't know why
All her calls would be ignored he's on his own time
Shoulda' ended it before it started
All she ever got was broken hearted
He was cheating on her tryna' flip it
Back on her like a victim
Now she's all alone and starting over
Now she's got baggage on her shoulder
But the new guy really loves her
She loves him but she doesn't trust herself anymore
She's fallin' in love now
Losin' control now
Fightin' the truth
Tryin' to hide
But I think it's alright girl
Yeah, I think it's alright girl
She's fallin' in love now
Losin' control now
Fightin' the truth
Tryin' to hide
But I think it's alright girl
Yeah, I think it's alright girl
Despite her past she can't help the attraction
He tells her that he's nothing like the last one
He redefines in every way what love is
She fell for him and hasn't gotten' up since
Every now and then she goes off though
Beating on his chest like a bongo

He understands she's coming from a hurt place
Answers all the questions on her survery
Doesn't get jealous, doesn't break trust
Doesn't call a hoe after hang ups
Gives her everything she ever wanted
And even though she still feels haunted she
She's fallin' in love now
Losin' control now
Fightin' the truth
Tryin' to hide
But I think it's alright girl
Yeah, I think it's alright girl
She's fallin' in love now
Losin' control now
Fightin' the truth
Tryin' to hide
But I think it's alright girl
Yeah, I think it's alright girl
