Levels (Flying Lotus Re-Edit)

Bilal

Yeah, I heard this one before
Darling, are you for sure?
We play it back and forth
Beside you're here
Tell me what the hell we fightin' for?Now
How long will you sing?
We're in the same place
There's got to be more levels
In this what we [Incomprehensible]You know my hands was tied
And you, you had the right
Lock me up and throw away the key
You can't never get enough of me, no
But now
How long will you sing?
It won't go away
There's got to be more levels
This got to be a sinIf you run away
Wanna find another way
But if you wanna leave from here
Into the paradiseWe'll shake off all the problem
Come on, do that, do
Let's go higher then, baby
Let me take you high again
Let me take you high againGirl, when you like it
Play this song, play this song
Play this song, play this song
Play this song if you love me
Oh, play this song, play this song
Play this song if you love me
Play this song if you love meHey, play
Play this song, play this song
Play this song if you love me
Play this song if you love me
Play this song if you love mePlay this song, play this song
Play this song, play this song
Play this song if you love me
