## Is That Alright?

## Lady Gaga

Life is so simple A little boy, a little girl Laughing and loving Trying to figure out the world It felt like summer When I kissed you in the rain And I know your story But tell me againNothing you say wouldn't interest me All of your words are like poems to me I would be honored if you would take me as I am I want you to look right in my eyes To tell me you love me, to be by my side I want you at the end of my life I wanna see your face, when I fall with grace At the moment I die Is that alright?

Is that alright? I hope you're still with me when I'm not quite myself
And I pray that you'll lift me when you know I need help
It's a warm celebration of all of our years
I dream of our story, of our fairy taleFamily dinners and family trees

I dream of our story, of our fairy taleFamily dinners and family trees

Teaching the kids to say thank you and please

Knowing if we stay together that things will be right I want you to look right in my eyes

To tell me you love me, to be by my side

I want you at the end of my life

I wanna see your face, when I fall with grace

At the moment I die

Is that alright?

Is that alright?

Is that alright?
