

# Keys 2 Your Ass (feat. Rahzel)

Imani Coppola

I know you're ready to rock  
'Cause I'm ready to roll  
Let's goRock, roll  
Ride, rollIf you wanna ride, if you wanna roll  
You don't need the keys to the front door  
Turn on the ignition, now I got you wishin'  
We was in the back seat, we was gettin' nasty  
If you wanna ride, if you wanna roll  
You don't need the keys to the front door  
Turn on the ignition, now I got you wishin'  
We was in the back seat, we was gettin' nastyI'll leave them under the back door  
Or you can got through the side door if you want more  
You know it's always open for you(I got the keys to your ass) I got the keys to your ass  
(I got the keys to your ass) I got the keys to your ass  
(I got the keys to your ass) I got the keys to your ass  
(I got the keys to your ass) I know how to pop that trunk  
(I got the keys to your ass) I got the keys to your ass  
(I got the keys to your ass) I got the keys to your ass  
(I got the keys to your ass) I got the keys to your ass  
I know how to pop that trunk  
This ain't no broke back  
I know how to throw back  
Tryin' to make a comeback  
Ain't no way to go back  
Show you that ass crack  
Eat it like a Big Mac  
Show me what you got, black  
Time to make it hot, black  
If you got the keys  
You can take it for a test drive  
You know how to pop that  
Make it bounce, make it live  
Rollin' up a side street  
Naked in the back seat  
You ain't gotta pick this  
Lock if you nastyWe was in the back seat, we was gettin' nasty  
We was in the back seat, we was gettin' nasty  
We was in the back seat, we was gettin' nasty  
We was in the back seat, we was gettin' nasty  
We was in the back seat, we was gettin' nasty(I got the keys to your ass) I got the keys to your  
ass  
(I got the keys to your ass) I got the keys to your ass

(I got the keys to your ass) I got the keys to your ass  
(I got the keys to your ass) I know how to pop that trunk  
(I got the keys to your ass) I got the keys to your ass  
(I got the keys to your ass) I got the keys to your ass  
(I got the keys to your ass) I got the keys to your ass  
I know how to pop that trunk Ride, roll  
Ride, if you wanna roll  
If you wanna ride, if you wanna roll  
You don't need the keys to the front door  
Turn on the ignition, now I got you wishin'  
We was in the back seat, we was gettin' nasty  
If you wanna ride, if you wanna roll  
You don't need the keys to the front door  
Turn on the ignition, now I got you wishin'  
We was in the back seat, we was gettin' nasty I'll leave them under the back door  
Or you can got through the side door if you want more  
You know it's always open for you  
I'll leave them under the back door  
Or you can got through the side door if you want more  
You know it's always open for you  
I'll leave them under the back door  
Or you can got through the side door if you want more  
You know it's always open for you  
I'll leave them under the back door  
Or you can got through the side door if you want more  
You know it's always open for you
