

I Wish

Jesse Boykins III

Now I can tell about the way that she held me
By the way she held me
She was looking for love
A beautiful woman, living her life
But how lonely she was
So lonely, so alone
Now I could tell about the way she glanced at me
Always caught a staring
She was a little afraid
So scared
Afraid of expressing her true feelings
But her body moves always gave her away
Gave it away
I wish I could be the match you ran into
Match she runs into
I wish I could be the match you earn for
She earned for
I wish I could be the match she drifts off
I wish, I wish
I wish I could be the one, be the one
Now I could tell by the ...sessions
She was well into growth
She was well into growth
Take time out to learn things
And I take the time out to show you
Now I could tell by the long goodbyes
She never really wanted to leave me
She never really wanted to leave me
Now I could tell you a lot of things
I think I know
But Im not sure until she knows me, knows me
Only if I had a chance, if I had a chance
I wish I could understand
I wish we were more than friends
More then friends
Only she could see
I wish if only
I wish I could be the match you ran into
Match she runs into
I wish I could be the match you earn for
She earned for
I wish I could be the match she drifts off

In my dreams you run to me
I wish, I wish
I wish I could be the one, be the one
Be the one, be the one
