

# Dusted (Remastered)

## Sepultura

You make me mute  
Hiding the truth  
Revealing a farce  
Created by your mindWhat do you expect  
Exposing your lies  
Printed in your eyes  
There's no alibiTo cooperate and not be allowed  
They're killing my name  
Sewing my mouthProspect in life  
Lost in the line  
To cooperate  
And just be alive  
You gonna fall hiding the truth  
You gonna crawl finding the truth  
To blame myself it's my disgrace  
To blame the world by my mistakesDusted  
Dusted  
DustedTurn around and turning around  
And turning around and inside out  
Turn around and turning around  
And turning around and inside outDo not disturb!  
Leave me alone  
The fear within, inside and beyond  
The fear within, inside and beyond  
You make me mute  
Hiding the truth  
Revealing a farce  
Created by your mindWhat do you expect  
Exposing your lies  
Printed in your eyes  
There's no alibiYou gonna fall, hiding the truth  
You gonna crawl, finding the truth  
To blame myself, it's my disgrace
