

# That's Jesus

[Randy Travis](#)

When I wake up in the morning, put my feet on the floor  
I thank Him for the day that He gave me one more  
I give Him all the praise, the one that I adore  
That's Jesus, oh that's Jesus I was lost and alone, my heart in need of help  
I found eternal life and lost my fear of death  
Because I know the author of my every breath  
That's Jesus, oh that's Jesus God of glory, majesty  
The Holy One who died for me  
Who's the One I long to see  
That's Jesus, oh that's Jesus  
If you're a soul that's lost and in need of direction  
You wonder when you die if you'll go to Heaven  
Well friend I found the answer to that very question  
That's Jesus, oh that's Jesus.  
God of glory, majesty  
The Holy One who died for me  
Who's the One I long to see  
That's Jesus, oh that's Jesus That's Jesus, oh that's Jesus.
