

# Dress

## Taylor Swift

[Verse 1]

Our secret moments in your crowded room  
They've got no idea about me and you  
There is an indentation in the shape of you  
Made your mark on me, a golden tattoo[Pre-Chorus]  
All of this silence and patience, pining and anticipation  
My hands are shaking from holding back from you (ah, ah, ah)  
All of this silence and patience, pining and desperately waiting  
My hands are shaking from holding back from all this (ha, ha, ha, ha)

[Chorus]

Say my name and everything just stops  
I don't want you like a best friend  
Only bought this dress so you could take it off  
Take it off (ha, ha, ha)  
Carve your name into my bedpost  
'Cause I don't want you like a best friend  
Only bought this dress so you could take it off  
Take it off (ha, ha, ha, ha)[Verse 2]  
Inescapable, I'm not even going to try  
And if I get burned, at least we were electrified  
I'm spilling wine in the bathtub, you kiss my face and we're both drunk  
Everyone thinks that they know us, but they know nothing about

[Pre-Chorus]

All of this silence and patience, pining and anticipation  
My hands are shaking from holding back from you (ah, ah, ah)  
All of this silence and patience, pining and desperately waiting  
My hands are shaking from holding back from all this (ha, ha, ha, ha)[Chorus]

Say my name and everything just stops  
I don't want you like a best friend  
Only bought this dress so you could take it off  
Take it off (ha, ha, ha)  
Carve your name into my bedpost  
'Cause I don't want you like a best friend  
Only bought this dress so you could take it off, take it off  
Only bought this dress so you could take it off, take it off  
Only bought this dress so you could take it off[Bridge]  
Nights back when you met me  
Your buzzcut and my hair bleached  
Even in my worst times, you could see the best of me  
Flash back to my mistakes  
My rebounds, my earthquakes  
Even in my worst light, you saw the truth of me

And I woke up just in time  
Now I wake up by your side  
My one and only, my lifeline  
I woke up just in time  
Now I wake up by your side  
My hands are shaking, and I can't explain this (ha, ha, ha, ha)[Chorus]  
Say my name and everything just stops  
I don't want you like a best friend  
Only bought this dress so you could take it off, take it off  
Carve your name into my bedpost  
Cause I don't want you like a best friend  
Only bought this dress so you could take it off, take it off  
There is an indentation  
In the shape of you  
Only bought this dress so you could take it off  
You made your mark on me, golden tattoo  
Only bought this dress so you could take it off
