

Boogieman

Childish Gambino

With a gun in your hand
I'm the boogieman
I'm gonna come and get you If you point a gun at my rising sun
Though we're not the one
But in the bounds of your mind
We have done the crime Boogieman, you've got to help us, can you?
(Yes you can)
Boogieman, you've got to help us, can you?
With a gun in your hand
I'm the boogieman
I'm gonna come and get you Every boy and girl all around the world
Knows my niggas' words
But if he's scared of me, how can we be free?
Yes
Boogieman, yes
you've got to help us, can you?
(Yes you can, oh)
Boogieman, yes
You've got to help us, can you?
(Yes you can, oh) Boogieman
