

Lazy Days

Shwayze

Lazy days in Los Angeles
If it ain't your parents, it's the damn police
We just want to get our kicks for free
We just want to get our kicks for free Well, I was walkin' through Macarthur Park
Looking for some sugar just to cure my heart
And after dark I talk to the cabby
'Cause he drives me home if I call him daddy
And it's alright Just as long as I can get high
Sit back and watch the sunset in the sky
I don't know if you know what I mean
But it's love in Los Angeles
Hey!

Lazy days in Los Angeles
If it ain't your parents, it's the damn police
We just want to get our kicks for free
We just want to get our kicks for free Lazy days in Los Angeles
If it ain't your parents, it's the damn police
We just want to get our kicks for free
We just want to get our kicks for free Walking through Malibu, not a thing to do
Gotta find a fine young little girl to screw ...over
I never meant to block your sunshine
I never meant to block your sunshine
I never meant to block your sun I don't know of you know what I mean
But it's love in Los Angeles
Lazy days in Los Angeles
If it ain't your parents, it's the damn police
We just want to get our kicks for free
We just want to get our kicks for free Lazy days in Los Angeles
If it ain't your parents, it's the damn police
We just want to get our kicks for free
We just want to get our kicks for free Now everybody clap your hands
We going to do the dirty dance
Now everybody stomp your feet
To the beat (C'mon) We just want to get our kicks for free
We just want to get our kicks for free (Try to get 'em for free)
We just want to get our kicks for free (Try to get 'em for free) I don't know of you know what I mean
But it's love in Los Angeles
(It's love, it's love, it's love...) Lazy days in Los Angeles
If it ain't your parents, it's the damn police
We just want to get our kicks for free
We just want to get our kicks for free Lazy days in Los Angeles

If it ain't your parents, it's the damn police
We just want to get our kicks for free
We just want to get our kicks for freeLazy days in Los Angeles
If it ain't your parents, it's the damn police
We just want to get our kicks for free
We just want to get our kicks for freeLazy days in Los Angeles
If it ain't your parents, it's the damn police
We just want to get our kicks for free
We just want to get our kicks for freeLazy days in Los Angeles
If it ain't your parents, it's the damn police
We just want to get our kicks for free
We just want to get our kicks for freeLazy days in Los Angeles
If it ain't your parents, it's the damn police...
