

I Ain't Over You

Sneaky Sound System

Everybody wanna be like them, dress like her, act like him
Actin' like you don't know no better, actin' like you don't know
Everybody wanna rhyme like Jim, always win, ah but that's a One Day thing
Actin' like you don't know no better, that's cool, but now you know
All together now, I've seen people come and go in this business
Like it's no one's business, we won't go into specifics
That's right we talk our own slang, write our own hieroglyphics
We sort the boys from the tourists, tell me can y'all tell the difference?
Roll with me now Get it, got it, go for mine, gotta get it all the time
I just don't know no better, we just don't know no better
Anybody out for mine better put in overtime
I just don't know no better, we just don't know no better
Some people wanna act all righteous, wholesome, always pious
They whose horse the highest, often the biggest liars
Fuck 'em, dont do as I say just do what you feel
Shit, I stole pizza from Bob Dylan's fridge out in the Hollywood Hills
It's not a big deal, so you know I'm coming for a slice, I
Do it and I don't think twice, it's alright, but I think I might
The young boys came to eat, so baby go and break me a piece off
I'm t'd up at the Airbnb spot, weed so loud you can hear it for three blocks Get it, got it, go for
mine, gotta get it all the time
I just don't know no better, we just don't know no better
Anybody out for mine better put in overtime
I just don't know no better, we just don't know no better
Get it, got it, go for mine, gotta get it all the time
I just don't know no better, we just don't know no better
Anybody out for mine better put in overtime
I just don't know no better, we just don't know no better
I know better than to be fuckin' with you
Fuckin' with you, don't tell me nothin'
I know better, know that you don't have a clue
We know that much is true, yeah, that much is true They know, Fuego
Right now I know better, I'm no better
I know that it's on me (on me)
Right now you know better, there's no better
We flow better homie If you know somebody better than me let me know
Let me know
Get it, get it, get it, get it, get it Get it, got it, go for mine, gotta get it all the time
I just don't know no better, we just don't know no better
Anybody out for mine better put in overtime
I just don't know no better, we just don't know no better
Get it, got it, go for mine, gotta get it all the time

I just don't know no better, we just don't know no better
Anybody out for mine better put in overtime
I just don't know no better, we just don't know no better I know better than to be fuckin' with you
Fuckin' with you, don't tell me nothin'
I know better, know that you don't have a clue
We know that much is true, yeah, that much is true
