

We're Going Home

Vance Joy

Under the surface you don't know what you'll find
 Hmm, until it's your time
No second chances but all we can do is try
 Hmm, I made up my mind I can't see you
 But I hear your call
 Baby, hold on now We're going home
If we make it or we don't, we won't be alone
When I see your light shine, I know I'm home
If you're waiting all your life, you will never go
When I see your light shine, I know I'm home
When I see your light shine, I know I'm home
 When I see your light shine
Some things are simple and hard to ignore
 They say, hmm, the truth is like that
We're getting colder, so far from the shore
I say, hmm, the world is like that I can't see you
 But I hear your call
 Baby, hold on now We're going home
If we make it or we don't, we won't be alone
When I see your light shine, I know I'm home
If you're waiting all your life, you will never go
When I see your light shine, I know I'm home
When I see your light shine, I know I'm home
When I see your light shine There's a place that I
 Wanna run with you
 Darling, there's a place that I
 Wanna run with you
 We're going home
If we make it or we don't, we won't be alone
When I see your light shine, I know I'm home
If you're waiting all your life, you will never go
When I see your light shine, I know I'm home
When I see your light shine, I know I'm home
 When I see your light shine, I know
 I'm home
 I'm home
 When I see your light shine
