4 In the Morning

Gwen Stefani

Wakin' up to find another day The moon got lost again last night But now the sun has finally had its say I guess I feel alrightBut it hurts when I think When I let it sink in It's all over me I'm lying here, in the dark I'm watching you sleep it hurts a lot And all I know is You've got to give me everything Nothing less 'cause You know I give you all of me I give you everything that I am I'm handin' over everything that I've got 'Cause I wanna have a really true love Don't ever wanna have to go and give you up Stay up 'til four in the morning and the tears are pouring And I want to make it worth the fight What have we been doing for all this time?Baby, if we're gonna do it, come on, do it right All I wanted was to know I'm safe Don't wanna lose the love I've found Remember when you said that you would change Don't let me down It's not fair how you are I can't be complete can you give me more And all I know is You've got to give me everything Nothing less 'cause You know I give you all of me I give you everything that I am I'm handin' over everything that I've got 'Cause I wanna have a really true love Don't ever wanna have to go and give you up Stay up 'til four in the morning and the tears are pouring And I want to make it worth the fightWhat have we been doing for all this time? Baby, if we're gonna do it, come on, do it right Oh, please, you know what I need Save all your lovin' for meWe can't escape the love Give me everything that you have And all I know is

You've got to give me everything And nothing less 'cause You know I give you all of me I give you everything that I am I'm handin' over everything that I've got 'Cause I wanna have a really true love Don't ever wanna have to go and give you up Stay up 'til four in the morning and the tears are pouring And I want to make it worth the fight What have we been doing for all this time? Baby, if we're gonna do it, come on, do it right Give you all of me Give you everything Give you all of me Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
