

Soft and Wet

Prince

Hey, lover, I got a sugarcane
That I want to lose in you
Baby can you stand the pain
Hey, lover, sugar don't you see?
There's so many things that you do to me
Ooo baby!
All I want to see is the love in your eyes (hey, lover)
And all I wanna hear is your sweet love sighs
All I wanna feel is burning flames (hey, lover)
Tell me, tell me, baby, that U feel the same
Tell me that U feel the same way I do
Tell me that U love me girl
We'd be so lost, in our mouths, the best, I feel it everyday (every way)
U feel so wrong, be alone, if u just follow somebody someday
Soft and wet
Soft and wet
Soft and wet
Soft and wet
Every time I'm with you, you just love me to death
Ooo weee, baby. you leave me without...
Breath! Ooo, baby! Oooo, yeah
You're just as soft as a lion tamed (hey, lover)
You're just as wet as the evening rain
How will I take it when you call my name? (hey, lover)
Your love is driving me
You're driving me insane
Crazy, baby
Oh, girl
Crazy about your love
Soft and wet (U know)
You are soft and wet (Oh, sugar)
Your love is soft and wet
Soft and wet
