

With You

[Matt Simons](#)

Honest where I start from
I try and impart my wisdom,
A combination of truth and fear
That's the way it's always been.
My father and his before him
At times we hurt the ones we love so dear. I'll be with you, I'll be waiting for you
On the other side, on the other side
And the winds that blow they'll guide you home
Get you through the night, get you through the night.
It will all be right.
My job to control you,
Darling though I barely know you
Hoping you'll grow tired and start giving in.
Spare the holy water, pour it on my only daughter.
Maybe there's a shot, she'll begin again. I'll be with you, I'll be waiting for you
On the other side, on the other side.
And the winds that blow they'll guide you home
Get you through the night, get you through the night
It will all be right So wrong, and I'm here to make it right
For what it's worth
And I'm sorry, yes I'm sorry
If you never felt the love, the love,
The love that you deserve.
I'll be with you, I'll be waiting for you
On the other side, on the other side.
And the winds that blow they'll guide you home
Get you through the night, get you through the night.
It will all be right, it will all be right.
