

Domino

Moon Taxi

Shine the light above
What I see is just enough
To believe
To believe it's not a dream
Through the night now we could go
On sideroads we used to know
Still the same
They're still the same, they never change
But you and me
You and me are falling
Domino
Down we go
Domino
Down we go
Oh, oh, oh, oh And all the things we left behind in the echoes of our mind
To believe
To believe just one more time
A guess, a game, a song and dance
The night we lost our innocence
It's not the same
No it's not the same, we had to change
'Cause you and me
You and me are falling, falling
Domino
Down we go
Domino
Down we go
Oh, oh, oh, oh Oh
Down we go
Domino
Down we go
Oh
Down we go
Domino
Down we go
Oh, oh, oh, oh
