

Gettin' Old

6LACK

Showing you I love you cause going out is getting old
Ima make breakfast going out is getting old
Getting old
Getting old
Getting old
Getting old like

Showing you I love you cause going out is getting old, yea yea You can leave your man cause
that nigga is getting old

Leave your towel too cause that teasing shit is getting old
Why you waste time for, we are only getting old
Getting old

I take one hit of your love now we getting throwed
Getting throwed

He only bought a bag
Well tell him that its getting old

I fly you overseas to Paris my money getting old
We can skate down to St. Tropez when it's getting cold
I take one hit of your love now we getting throwed

Ooo yea yea

Yea yea

Yea yea yea

Ooo yea yea

I take one hit of your love now we getting throwed
Ooo yea yea

Yea yea

Yea yea yea

Ooo yea yea

I take one hit of your love now we getting throwed
Let me bring you out to the places you wanna go

I put you on game

Teach you everything you didn't know

Don't go off and waste time babe

We are only getting old

Getting old

I take one hit of your love and now we getting throwed
Getting throwed

I know you're tired and I know its places you wanna go

I can tell that you're open to smoking

And learning the shit that you didn't know

I can show you something

My loving never ends

I can show you something

My loving never endsOoo yea
I know how to make ya feel new yea
I gave you a head start you should prepare
You take one hit of my love now you getting throwed
Getting throwed
You take one hit of my love now you getting throwed
