

Congregation of the Damned

Atreyu

I'm going to give this monster life
I may not have the pieces
I'll keep on going through the night
To see you all left screaming Face-to-face
The congregation of the damned
Face-to-face
Screaming while we can I get carried away
Lost in a moment
Torn into pieces
Of violent display
I tear it away
Lost in a moment
Searching for answers
I'm lost in the fray
This life's a case
Of do or die
Sometimes I need no reason
To lose myself
In you tonight
Right now's the darker season Face-to-face
The congregation of the damned
Face-to-face
Screaming while we can I get carried away
Lost in a moment
Torn into pieces
Of violent display
I tear it away
Lost in a moment
Searching for answers
I'm lost in the fray
The congregation of the damned!
The congregation of the damned! Face-to-face
The congregation of the damned
Face-to-face
We're all
Screaming while we can I get carried away,
Lost in a moment,
Torn into pieces,
Of violent display.
I tear it away,
Lost in a moment,
Searching for answers,

I'm lost in the fray.
I tear it away,
Lost in a moment,
Searching for answers,
I'm lost in the fray.I get carried away
Lost in a moment
Torn into pieces
Of violent display
I tear it away
Lost in a moment
Searching for answers
I'm lost in the fray
