## Death Cab for Cutie

The glove compartment is inaccurately named  
And everybody knows it  
So I'm proposing a swift, orderly change 'Cause behind its door, there's nothing to keep my  
fingers warm  
And all I find are souvenirs from better times  
Before the gleam of your taillights fading east  
To find yourself a better life I was searching for some legal document  
As the rain beat down on the hood  
When I stumbled upon pictures I'd tried to forget  
And that's how this idea was drilled into my head  
'Cause it's too important to stay the way it's been There's no blame for how our love did slowly  
fade  
And now that it's gone it's like it wasn't there at all  
And here I rest, where disappointment and regret collide  
Lying awake at night  
And there's no blame for how our love did slowly fade  
And now that it's gone it's like it wasn't there at all  
And here I rest, where disappointment and regret collide  
Lying awake at night, up all night  
When I'm lying awake at night
