

# Sunny Day (feat. Wyclef Jean)

Akon

Who'd ever thought that I would see this day...  
Where I would see my ghetto life fade away...  
Cos I was lost and couldn't find a way...  
And now I look forward to every day...(welcome to my sunny day)...Block dont stop always  
stayed hot...  
No matter how the seasons got.  
I still remember when they took me away...  
Kept it on lock den I got cuaght realised dat I had to stop...  
Den I took the time to explore a better way...  
Searched high and low, so close, yet so far to go...  
I just know, theres a sunny day Who'd ever thought that I would see this day...  
Where I would see my ghetto life fade away...  
Cos I was lost and couldn't find a way...  
And now I look forward to every day...Welcome to my sunny day...  
My sunny day...  
Everyday...  
A better day...  
Welcome to my sunny day...  
My sunny day...  
Every day...  
A better day...  
Welcome to my sunny day...  
I was born in the ghetto  
Raised in the ghetto  
Saw my first 9 millimeter in the ghetto  
I got my first kiss in the ghetto  
Playing hide and go seek, with the girls in the ghetto  
I wrote my first hit in the ghetto  
Yo mona lisa can I get a date on Friday-ay-ay,  
It's hard for to let go life in the ghetto  
The night it blessed my cousin,  
I had to find out a way out of my ghetto  
Picked up the guitar and started singing in the ghetto  
Haters use to hate in the ghetto  
Said I never would made it out of the ghetto  
Guess that's why my cousin to yoyo  
Even though honey said the sun come out tomorrow  
But the ghetto stayed dark  
I never thought I ever see the billboard chart Who'd ever thought that I would see this day...  
Where I would see my ghetto life fade away...  
Cos I was lost and couldn't find a way...  
And now I look forward to every day...Welcome to my sunny day...

My sunny day...  
Everyday...  
A better day...  
Welcome to my sunny day...  
My sunny day...  
Every day...  
A better day...  
Welcome to my sunny day...  
Been a long day...  
On my way to my holy place to pray...  
Give thanks for every blessing given to me...  
I know theres more to see... more to me... no more living in misery...  
Cos this is how I visioned life to beee...Searched high and low, so close, yet so far to go...  
I just know, theres a sunny dayWho'd ever thought that I would see this day...  
Where I would see my ghetto life fade away...  
Cos I was lost and couldn't find a way...  
And now I look forward to every day...Welcome to my sunny day...  
My sunny day...  
Everyday...  
A better day...  
Welcome to my sunny day...  
My sunny day...  
Every day...  
A better day...  
Welcome to my sunny day...
